Self-Made Assignment - MS EXCEL

Data Validation in MS EXCEL.

You have to prepare a data set of 15 Employees.

Sr.no.	Name	Address	Phone no.	Email

1. You should be able to write an input message in the name column. Please enter your full name.
2. Now you have to write only 10 digit numbers in the phone number. If you type more than 10 digit number an error will occur and if you type less than 10 digit number an error will occur.
