Self-Made Assignment - MS Word

Inserting Clipart in MS Word

Make MS Word assignment using clipart option in MS Word.

**Introduction**

On **July 14, 2023**, India launched the **Chandrayaan-3 mission** to the Moon. This mission is important because it aims to explore the Moon's surface and learn more about it. It follows the previous Chandrayaan-2 mission, which did not land successfully.

*(Insert a ClipArt image of a rocket or the Moon here.)*

**Body**

**1. What is Chandrayaan-3?**

Chandrayaan-3 is an Indian space mission that includes a lander and a rover. The lander, named **Vikram**, is designed to land on the Moon. The rover, called **Pragyan**, will explore the surface and send back data.

*(Insert ClipArt of a lunar lander or rover here.)*

**2. Goals of the Mission**

The main goals of Chandrayaan-3 are to:

- Successfully land on the Moon.
- Study the Moon's soil and surface.
- Gather information about the Moon's resources.

These goals will help scientists understand more about the Moon and its history.

*(Insert ClipArt of scientists or a laboratory here.)*

**3. Importance of the Mission**

This mission is important for India and the world. It shows that India is becoming a strong player in space exploration. The data collected will also help other countries in their research about the Moon.

**Conclusion**

The Chandrayaan-3 mission is a big step for India in space exploration. If successful, it will give us important information about the Moon. This mission will inspire young scientists and encourage more studies about space in the future.
