Self-Made Assignment - MS Word

Inserting Clipart in MS Word

Introduction:

A **computer** is an electronic device that processes, stores, and retrieves data, performing a variety of tasks based on the instructions provided. It is a versatile tool that has revolutionized nearly every aspect of modern life, from communication to entertainment, business, education, and beyond. Computers can range from small handheld devices like smartphones to large, powerful systems like supercomputers used for complex calculations.

Types of Computer

▫ **Computers and Laptops:**

- Clipart images of desktop computers, laptops, and tablet devices are commonly available in Word's clipart library.
- These images can be used in various contexts, such as documents about technology, e-learning, or work-from-home topics.

(Insert ClipArt of Computers and Laptop here.)

▫ **Keyboards and Mice:**

- Clipart images of computer keyboards, mice, and other peripherals are great for explaining computer setups, office environments, or digital workspaces.

(Insert ClipArt of Keyboard and Mice here.)

▫ **Software and Applications:**

- You can find clipart for icons related to software applications like web browsers, word processors, email programs, and database icons.
- These images are useful for tutorials or documents about software and digital tools.

(Insert ClipArt of Software and Application here.)

▫ **Cloud Computing and Networking:**

- Clipart images that represent cloud storage, networking, and the internet are widely available.
- These images often include representations of cloud servers, internet connections, and data transfer, ideal for discussions on cloud computing, digital communication, or network systems.

(Insert ClipArt of Network here.)

Self-Made Assignment - MS Word

Inserting Clipart in MS Word

▫ **Mobile Devices and Technology:**

- Smartphone and tablet clipart are commonly included, perfect for documents related to mobile apps, technology, or digital marketing.

(Insert ClipArt of Mobile Devices here.)

▫ **Data and Digital Graphics:**

- You can also find clipart representing digital data, charts, graphs, or coding elements (e.g., binary code or HTML symbols). These are ideal for tech reports or educational content about programming and data analysis.

(Insert ClipArt of Graphics here.)

▫ **Tech Gadgets and Accessories:**

- Clipart images of various tech gadgets such as USB drives, headphones, and external hard drives are often available. These images help illustrate content about computer accessories or technology storage solutions.

(Insert ClipArt of Gadgets here.)
