Self-Made Assignment - Java Script

Popup Boxes in Javascript

1. Write a JavaScript program that shows an alert box with a message and then displays the message directly on the webpage.

- A popup alert will appear "This is an alert message!"
- On the webpage, it will display: "Alert box has been displayed."

2. Write a JavaScript program that asks the user for their favorite color using a prompt box and then displays it on the webpage.

- A prompt box will appear asking: "what is your favorite color?"
- After the user enters a color, the webpage will display:
"Your favorite color is: [color entered]"
