Self-Made Assignment - MS Excel

Using Mathematical Operations - Add, Sub, Multiply, Division in MS Excel

Make a Dataset

	A	B	C	D	E
1	Serial No	Name	Date of Joining	Salary	Increment %
2	1	Aditi	01-Jan-23	25000	5%
3	2	Bhavesh	01-Feb-23	27000	7%
4	3	Charu	01-Mar-23	29000	6%
5	4	Deepak	01-Apr-23	31000	5%
6	5	Esha	01-May-23	33000	8%
7	6	Farhan	01-Jun-23	35000	6%
8	7	Garima	01-Jul-23	37000	7%
9	8	Harish	01-Aug-23	39000	5%
10	9	Isha	01-Sep-23	41000	6%
11	10	Jatin	01-Oct-23	43000	7%

Tasks:

• **Fill Continuous Rows:**

- Extend the table up to 20 employees using the AutoFill feature.
- Ensure the **Serial No.** continues sequentially.
- Maintain the **Date of Joining** in a monthly sequence.

• **Fill Continuous Columns:**

- Create a new column **Revised Salary**, where you manually enter the new salary after applying the increment.
- Use the AutoFill feature to complete the column.
