Self-Made Assignment - C Language

For Loop in C Language

Task: Count and Print Even Numbers from 1 to N

Instructions:

1. Ask the user to enter a number (let's call it N).
2. Use a for loop to go from 1 to N.
3. For each number, check if it is even (divisible by 2).
4. If it is even, print it.
5. At the end, print how many even numbers were found

Resultant Output

Output

```
Enter a number: 8  
Even numbers from 1 to 8 are: 2 4 6 8  
Total even numbers: 4
```
