**Create Bill of Material (BOM) in Tally:  
Mountain Bicycle “Bicycle-MB01”**

- **Finished Item:** Bicycle (Mountain Bike)
- **BoM Name:** Standard
- **Unit of Manufacture:** 1 Nos

**Components:**

Item	Stock UOM	Qty per Mfg
Steel Pipe (Frame)	Meters	3
Rubber Tire (700c)	Nos	2
Tube (700c)	Nos	2
Seat Post	Nos	1
Handlebar	Nos	1
Pedal Set	Nos	1
Brake System	Nos	1
Assembly Oil	Litres	0.1

**Setup Steps in Tally:**

1. Enable BoM (F11 → Inventory Features).
2. Create stock item “Bicycle (Mountain Bike)” under Finished Goods.
3. Enable **Set Components (BoM) = Yes**.
4. Enter “Steel Pipe (Frame)” etc. with units and quantities.
5. Save, then use Manufacturing Journal (Alt + F7) to build completed bikes.

This BoM tracks mixed units (meters, ltrs) and helps in cost planning.
