Self-Made Assignment - Adobe InDesign

Creating and Setting Up Documents

1. Set Up Your Document

- Open Adobe InDesign (or other design software).
- Create a new document (File > New > Document).
- Choose a square layout to match the logo proportions.

2. Create the Background

- Use the Rectangle Tool to draw a square.
- Fill it with the dark maroon color: #33001b or similar.
- Round the corners slightly to match the soft edges of the icon.

3. Add the Text "Id"

- Use the Text Tool (T) to type Id.
- Use a bold sans-serif font, such as:
 - Adobe Clean
 - Montserrat Bold
 - Helvetica Bold
- Set the text color to pink: #ff3366 or similar.

4. Flip the Logo (Upside Down)

- Select both the background and the text.
- Transform Rotate 180° Use the Rotate Tool and drag to flip it upside down.

5. Refine the Layout

- Make sure the text is centered within the square.
- Adjust size and alignment as needed.

6. Export Your Final Design

- Go to File > Export.
- Choose format: PNG, JPG, or PDF depending on assignment requirements.
- Save and submit as needed.
