Self-Made Assignment - Adobe InDesign

Creating and Setting Up Documents

1. Set Up Your Document

- Open Adobe InDesign (or other design software).
- Create a new document (File > New > Document).
- Choose a square layout to match the logo proportions.

2. Create the Background

- Use the **Rectangle Tool** to draw a square.
- Fill it with the **dark maroon** color: #33001b or similar.
- Round the corners slightly to match the soft edges of the icon.

3. Add the Text "Id"

- Use the **Text Tool (T)** to type Id.
- Use a **bold sans-serif font**, such as:
 - Adobe Clean
 - Montserrat Bold
 - Helvetica Bold
- Set the text color to **pink**: #ff3366 or similar.

4. Flip the Logo (Upside Down)

- Select both the background and the text.
- **Transform Rotate 180°** Use the **Rotate Tool** and drag to flip it upside down.

5. Refine the Layout

- Make sure the text is centered within the square.
- Adjust size and alignment as needed.

6. Export Your Final Design

- Go to File > Export.
- Choose format: **PNG, JPG, or PDF** depending on assignment requirements.
- Save and submit as needed.
