The Whispering Leaves
1. Leaves rustle gently in the breeze, telling stories of the wind.
2. They change colors in autumn, painting the world in gold and red.
3. Even when they fall, they feed the soil and begin the cycle again.

The Sun Rise
1. The sun rises each day, spreading warmth across the land.
2. It wakes the flowers, and gives life to all.
3. Without the sun, there would be no green, no growth, no glow.

The Gentle Rain
1. Rain falls softly on the earth, filling rivers and lakes.
2. It brings life to thirsty plants and cools the summer heat.
3. Every drop has a purpose, small but full of power.

The Silent Giant
1. Mountains stand tall and still, watching over the world below.
2. Covered in snow or wrapped in clouds, they are full of mystery.
3. They are home to rare animals and ancient stories carved in stone.
