Self Made Assignment - DHTML

Z- Index in CSS

Ques: 1 Write a CSS program to Create a notification banner that appears above all content.

Instruction (step by step)

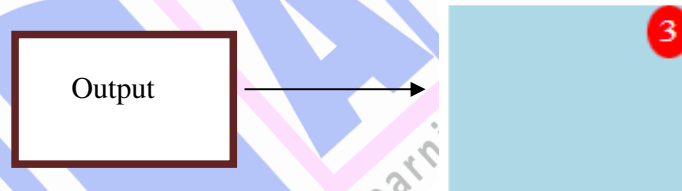

- Create a banner div with a message.
- Use position: fixed to keep it at the top.
- Set top: 0 and width: 100%.
- Apply a high z-index value.
- Add background color and padding.

Ques: 2 Write a CSS program to Show a red notification badge on top of an icon.

Instruction (step by step)

- Add an icon box.
- Add a small red badge.
- Use z-index to bring badge forward.
