

Q what do you understand
by Computer generation? who
invented first generation
Computer?

Ans It is a change in
technology a Computer
is being used. Nowadays
generation includes both
hardware and software
which together make up
an entire Computer
System. J.P. Eckert was
invented first generation

09 of Computer. Electromechanical
10 is the first generation.

11 ~~J.P. Sekou~~

01 Q5 what are the classification
02 of Computer based on
work?

03 Ans Types of Computer is also

04 used to classify them. There
05 are two main types of

06 Computer is Analog and
digital. Analog Computer

are used to process
