

Name - CHETAN

Q-1

RAM \rightarrow RAM stands for Random Access memory
 Rom \rightarrow Rom stands for Read only memory

Q-2 A ~~A solid state storage device that integrates Circuits and Persistently~~

Q-4

RAM	Rom
① RAM stands for Random Access memory	① Rom stands for Read only memory
② Volatile	Non-Volatile
③ Temporary Storage	Permanent storage
④ Writing data is faster	Writing data is slower

Q-2 A The solid state storage is memory card

Q-1 A RAM \Rightarrow Volatile memory
 Rom \Rightarrow Non-Volatile memory

Q-3 A Three common type of mass storage devices is HDDs, SSDs, magnetic tapes

- Q-5) A
- | | |
|------------------|---------------------------------|
| 1) CD - RW | B) R/W - writeable optical disc |
| 2) Blu-ray Disc | A) Stores up to 25GB of data |
| 3) DVD - Rom | C) Read - only optical disc |
| 4) memory - Card | D) Solid - state storage |
